What is the Annual Performance Report?

- The Annual Performance Report (APR) is used by HUD to track the progress and accomplishments of projects funded by the Department.
- The APR is a collection of HMIS data presented using a HUD standard format.
- The information reported in the APR is used locally and federally.
What data is reported in the APR?

- People served during the reporting date range
- The types of households clients were in when they were last served
- UDE’s and PSDEEs
- HUD standard project information
- Some data specific to certain HMIS project types
Which clients are included in the APR results?

- Clients with active enrollments in the program you are running the APR for. This means:
  - All clients enrolled in your program whose:
    - *Project Start Date* IS ON OR BEFORE *Report End Date*
    - AND
    - *Project Exit Date* IS BLANK/NULL OR ON OR AFTER *Report Start Date*
The APR by HMIS Project Type

- The APR reports different information for different types of projects:
  - **Permanent Housing** – Data elements the APR specifically reports on for permanent housing projects:
    - Length of time between Project Start Date and Housing Move-In Date
    - Data Quality: Chronic Homelessness
  - **Street Outreach:**
    - Number of persons contacted
    - Number of persons engaged
    - Data Quality: Inactive Records
    - Data Quality: Chronic Homelessness
  - **Transitional Housing**
    - Data Quality: Chronic Homelessness
**APR Key Terms – Client Descriptors**

- **Adult** - A person aged 18 and older.
- **Child** - A person under the age of 18.
- **Youth** - A term used to describe households consisting of persons between the ages of 12 and 24 who are NOT in a household with anyone older than 24.
- **Chronically Homeless Individual** - A person who is homeless, disabled, and has been homeless for at least one year or has had at least four separate occasions of homelessness within the last three years where the occasions add up to 12 months or more.
- **Leaver** - A person who exits the program and is not active on the last day of the operating year.
- **Stayer** - A person who is still enrolled in the program on the last day of the operating year.
APR Key Terms - Household Descriptors

- **Household without children**: A household composed of only adults.
- **Household with children and adults**: A household composed of at least one adult and one child.
- **Household with only children**: A household composed of only children.
- **Unknown household type**: A household that cannot be classified in cases when one or more persons are missing dates of birth. However, when the households already have at least one known adult and one known child, the household type will be categorized as a household with children and adults.
Who can run the APR in HMIS?
