

**Purpose:** This form captures the project applicant's HMIS and Coordinated Entry System (CES) commitments for all homeless-dedicated projects funded under the CoC competitive process.

## Applicant Organization Information

<b>Applicant Organization Name:</b>	<b>Department:</b>
<b>Agency Name:</b>	<b>NOFO Point of Contact (POC):</b>
<b>POC Email and Phone Number:</b>	<b>Date:</b>

## HMIS Commitment

As the authorized administrator for the organization listed above, **I confirm that all homeless-dedicated projects funded under the CoC competitive process in our organization will participate in the HMIS System in accordance with approved policies.** HUD rules allow projects dedicated to serving domestic violence to participate in a separate comparable data system that meets HMIS standards. Non-personally identifiable data must be provided by the alternate data system to the HMIS Lead for reporting purposes.

- These projects will participate in the central HMIS in accordance with approved policies and procedures.
- This intent includes a project that qualifies as a dedicated domestic violence (DV) project. The DV project will participate in an alternate data system and report data to the central HMIS Lead agent as required.

<b>Project name if a dedicated DV project (put N/A if it does not apply):</b>		
<b>Agency Name:</b>		
<b>Authorized Administrator: (Name &amp; Job Title Printed)</b>	<b>Authorized Administrator Signature:</b>	<b>Date:</b>

## CES Commitment

As the authorized administrator for the organization listed above, **I confirm that all homeless-dedicated projects funded under the CoC competitive process in our organization will participate in the Coordinated Entry System (CES), as available and unless prohibited by regulation or law, by ensuring that:**

- 100% of homeless-dedicated units are entered into the CES.
- 100% of homeless-dedicated unit vacancies comply with CES referral and placement processes as identified in the Board-approved CES policies and procedures.

Section 578.23(c)(9) of the CoC Program Rule exempts victim service providers from using the CoC's coordinated entry process if victim service providers use a coordinated entry process that otherwise meets HUD's requirements
