2. Reallocation

2-1 Is the CoC reallocating funds from one or more eligible renewal grant(s) that will expire in Calendar Year 2027 to create one or more new projects? Yes

Alert:

As stated in the FY 2026 CoC Program Competition NOFO:

- CoCs may reallocate YHDP projects from any Round to create new YHDP Replacement projects.
- If a CoC reallocates funding from a renewal project that was previously awarded DV Bonus funding, any new project created with such funding must be 100 percent dedicated to serving individuals and families who are fleeing or attempting to flee domestic violence, dating violence, sexual assault, and stalking and who qualify as homeless under paragraphs (1) or (4) of the definition of homeless at 24 CFR 578.3 or Section 103(b) of the McKinney-Vento Homeless Assistance Act.

2A. Reallocation - Grant(s) Eliminated

CoCs reallocating eligible CoC Renewal, DV Renewal or YHDP renewal project funds to create new project application(s) may do so by eliminating one or more expiring eligible projects.

YHDP Renewal Grants and DV Renewal Grants may only be reallocated to create new projects that serve the same populations/subpopulations as the projects the funding was reallocated from.

Funding Type: CoC Renewal
Eliminated Project Annual Renewal Amount: \$1,948,472

2A-2. Describe how the CoC determined that this project should be eliminated and include the date the project applicant was notified.
(limit 2500 characters)

The CoC determined that this Renewal Rapid Rehousing (RRH) project could not be included for continued funding due to changes in HUD's FY 2026 CoC NOFO funding structure and priorities. With Tier 1 limited to 60 percent of the CoC's Annual Renewal Demand (ARD), the CoC had to restructure available funding and prioritize projects most aligned with HUD and local priorities.

The CoC considered project type, alignment with HUD priorities, local system needs, and the competitiveness of projects placed in Tier 2. The CoC prioritized Permanent Supportive Housing projects serving individuals with diagnosed disabilities, clinical treatment needs, and older adults. Based on these factors and limited available ARD, RRH renewal projects were not prioritized for continued funding.

On June 5, 2026, the CoC notified the community through the CoC Listserv and RTFH NOFO webpage that it did not anticipate being able to renew existing RRH projects. The CoC Board approved the FY 2026 local evaluation protocols on June 18, 2026. On June 15th intents were due. This project chose to self-reallocate its funds. No notification was needed.

2A-3 Is the project being eliminated to create one or more transition grant applications? No

The CoC determined that this Renewal Rapid Rehousing (RRH) project could not be included for continued funding due to changes in HUD's FY 2026 CoC NOFO funding structure and priorities. With Tier 1 limited to 60 percent of the CoC's Annual Renewal Demand (ARD), the CoC had to restructure available funding and prioritize projects most aligned with HUD and local priorities.

The CoC considered project type, alignment with HUD priorities, local system needs, and the competitiveness of projects placed in Tier 2. The CoC prioritized Permanent Supportive Housing projects serving individuals with diagnosed disabilities, clinical treatment needs, and older adults. Based on these factors and limited available ARD, RRH renewal projects were not prioritized for continued funding.

On June 5, 2026, the CoC notified the community through the CoC Listserv and RTFH NOFO webpage that it did not anticipate being able to renew existing RRH projects. The CoC Board approved the FY 2026 local evaluation protocols on June 18, 2026. On June 15th intents were due. This project chose to self-reallocate its funds. No notification was needed.

The project was eliminated because it received the lowest score among all projects evaluated and fell below the CoC's established project performance threshold. Based on the Rating and Ranking Committee's review, the project was also identified as a lower priority within the overall CoC portfolio.

The preliminary project ranking was posted on the CoC NOFO webpage on August 10, 2026, at which time applicants were notified of project acceptance, rejection, or proposed funding reductions resulting from the initial evaluation and ranking process. This was done via email for all project applicants that had an application reviewed.

Because the FY 2026 competition required significant restructuring of the CoC's Annual Renewal Demand (ARD) and did not follow the CoC's standard funding process, the CoC's usual Performance Improvement Plan (PIP) process could not be applied prior to the funding decision.

On May 20, 2026, we had a CoC listening session where all CoC recipients were invited to discuss the local funding strategy for the FY 2026 NOFO with the anticipation of not being able to fund as many PSH projects. PSH projects will be prioritized, but project that are lower performing and or not requesting leasing or rental assistance dollars would not be of high priority. On June 11, 2026, CoC NOFO staff met with HSI per their request to discuss their CoC portfolio before submitting their official intents to submit. This particular project has been on several PIPs and was highly not likely to be renewed. The project applicant chose not to full reallocate their PSH project. No notification was needed/ No intent was submitted and not application was submitted for review.

On May 20, 2026, we had two CoC Listening sessions where all current CoC recipients were expected to attend and did. The CoC discussed the preliminary plans to restructure the CoC ARD based on anticipated changes under the FY 2026 CoC NOFO. PSH projects that had a PIP, did not request rental assistance or leasing dollars were highly likely to not be funded. This particular project was on a current Performance Improvement Plan (PIP). Due to the program design it had challenges meeting performance marks as a traditional PSH. The project applicant was aware of the challenges. The project applicant elected to self-reallocate and did not submit an intent to apply (for this grant) by the June 15th deadline. No application was reviewed so no notification was needed.
