HMIS Clarity User License Fee Structure

HMIS Participating Agencies can purchase two different types of licenses that their staff can use to access San Diego County's HMIS software, Clarity: the Enterprise user license and the Manager license.

- **Enterprise User License:** The Enterprise User License is the standard Clarity user license that is assigned to all users who do not need access to a Manager license.

- **Manager License:** The Clarity Manager license is a license that includes access to agency/program management features and Clarity's data analysis interface, Looker. One user per agency is required to be assigned a Manager license; by default the Manager license will be assigned to the agency's primary HMIS administrator. Additional Manager licenses may be purchased/assigned upon request by the agency.

Fee Structure for Clarity Licenses

Type of License	Fee Structure
<i>Clarity Enterprise User License</i>	<p>Initial Setup Fee: \$175/new user license</p> <p>Monthly access fee (to be billed on a quarterly basis): \$25/user license</p> <p>*All HMIS licensing fees are subject to change.</p>

Data Quality Incentives

RTFH may provide data quality incentives in the form of HMIS fee discounts. These incentives are not fixed or regular and will be provided and announced on an ad hoc basis. Information on incentives will be shared with providers once confirmed for each billing cycle.

Waiver Policy Statement

Waiver (or reduction) of fees for hardship may be submitted to RTFH and may be granted upon review. Requests for waivers must be submitted prior to the start of the upcoming billing cycle, so by January 1st of the year a waiver is being requested for.

Fees for other Requests

Other requests, including but not limited to custom reporting, data export/import and data integration projects, will be considered on a case-by-case basis. Cost estimates will be developed based upon a statement of work for the requested project.

Payment Methods

Checks and money orders are the only acceptable payment methods for HMIS licensing fees.
