

# WE ALL COUNT FAQ

## Where can I access the survey?

Navigate to this link: <https://arcg.is/1jSyO4> or scan the QR code

**\*Select "open in browser".**

## How do I know what survey to use?

This is all one survey. By answering the questions, the survey will take you along the appropriate path with the right survey. Survey is named **"WeAllCount 2022"**.

## How can I save my location?

Location on device must be on. Find the 4-pronged circle on the map, location.

click it to save your

## What do the red asterisks mean?

This is a required question. If the question is not filled out the survey will not be able to be submitted. When trying to submit, the questions will red line and the survey will show you the questions that need to be filled out.

## How do I complete Household information?

Unless the household is only an unaccompanied minor, the first questions must always be at least 1. Select 0-5 for each person under/over 18 years of age in the household. After you have done so, the survey automatically populates that amount of surveys. Completely fill out the first survey then use the blue circles to go to the next household members survey. **\*You must click 1 box per question for the survey to calculate.**

Including yourself (Person 1), how many adults over 18 are there in your (their) household, who are sleeping in the same location tonight?\*

0  1  2  3  4  5

How many children under 18 are there in your (their) household, who are sleeping in the same location tonight?\*
